(WASHINGTON, D.C.) – Tonight, fifty people attended U.S. Congressman Jason Altmire's (PA-04) open, public town hall meeting at the Ben Franklin Early Learning Center in New Castle. During this meeting, Congressman Altmire answered constituents' questions and discussed a wide range of topics, including the budget, taxes, and health care.

"I appreciate the fact that so many people came here tonight to talk about the key issues facing our country," Congressman Altmire said. "I will remember people's comments and concerns as I continue working in Congress to move our nation forward."

In addition to holding tonight's town hall, Congressman Altmire also invited people to post questions on his official Facebook page, www.facebook.com/JasonAltmire04, and answered them throughout the day.
