

May 6, 2011

(WASHINGTON, D.C.) -- Today, U.S. Congressman Jason Altmire (PA-04) attended the groundbreaking for Jameson Hospital's new Emergency and Surgical Departments Building. Congressman Altmire secured \$296,000 in the Fiscal Year 2008 federal budget to help Jameson Hospital purchase new equipment for its emergency medical facilities.

"This is a very exciting day for our community," Congressman Altmire said. "In recent years, the number of emergency room visits at Jameson Hospital has greatly increased, putting a strain on existing facilities. Once this new building is complete, Jameson Hospital will have the space and equipment that it needs to provide a growing number of patients with high quality, specialized care close to home."
